Targeted and quality outputs

Specific, realistic, measurable, sustainable, transferable!

- Realistically achievable
- Tailored to needs of target groups (early involvement)
- Transferable, ensuring impact on target areas and groups
- Bringing added value, building on past projects' achievements
- Long term use, leading to a lasting change

- **Competent** and **relevant** partners able to tackle the project's objectives
- **Balanced** in terms of geographical coverage, sectors and levels

ToR Call 4 - trendi

- New trends
- **DIGITALIZATION**
- **LIFESTYLE**
- **DEMOGRAPHIC TRENDS**
- **ENVIRONMENTAL POLICIES**
- **GOVERNANCE AND SOCIAL INNOVATION**
- *“Creative and innovative project proposals that go beyond the topics and approaches covered by the already approved projects and provide answers to the trends”*

ToR Call 4 – tematski sklopi

- To develop experimental approaches for a **circular economy** and strengthen **regional value chains**.
- To foster innovation and accessibility of **services of general interest** in remote, urban and peripheral areas, in order to tackle **marginality, gender inequality, social exclusion and demographic change**.
- To improve the capacities of social organisations and public authorities for receiving **migrants and refugees**, caring for them, and integrating them in the Alpine Space communities.
- To explore and anticipate in the Alps the **Mobility 4.0** (digitalisation and automative transport) in order to tackle alpine transport challenges.
- To foster innovation in tourism (introduction of **Tourism 4.0** concept) with focus on digitalisation, use of big data, digital marketing (e.g. social medias and web application), development of platform businesses, development of digital competences at employees and SME owners.
- To develop cross-sectoral solutions for strengthening **Green Infrastructure** with a special focus on multifunctional rural-urban relationships.
- To develop innovative approaches and concepts to initiate and foster a transnational multilevel governance in **spatial planning**.
